Personal Sovereignty Assessment

Your 100-Point Financial Autonomy Audit

EVALUATE YOUR STRUCTURAL INDEPENDENCE

This confidential 3-minute diagnostic measures your level of personal autonomy across financial, legal, and identity independence. Use this objective scorecard to identify hidden administrative locks, assess vertical coercion risks, and establish your baseline individual freedom and sovereignty.

Shadow Liquidity Control

How is your income received, and who holds direct, exclusive authority over your primary bank account? *

- ☐ Autonomous single-name account
☐ Joint / Family-controlled payroll

Digital Credential Autonomy

Do you have sole, private access to your digital legal identity without family monitoring or password sharing? *

- ☐ Biometric login / Private MyGov & TFN access
☐ Shared passwords / Parental email routing

Physical Passport Custody

Where is your physical passport kept, and can you retrieve it right now without asking permission? *

- ☐ Physical possession of passport
☐ Passport held locked away by family

Civil Registry Control

Do you physically hold your original citizenship documents, birth certificate, and legal identity papers? *

- ☐ Birth Certificate / Citizenship papers in hand
☐ Documents inaccessible / withheld by family

Mobile Comms & Geofencing

Who owns and manages your mobile phone account, and is your physical location monitored? *

- ☐ Independent mobile plan / Zero tracking
☐ Family mobile plan / Active geofencing calls

Legal & Estate De-linking

Are your legal, corporate, and estate documents established independently of your family's interests? *

- ☐ Independent Will / Revoked parental EPOA
☐ Coerced trust directorship / Active parental EPOA
